

Year 2/3 Transition

Home Learning Pack.

Welcome to the Crew!

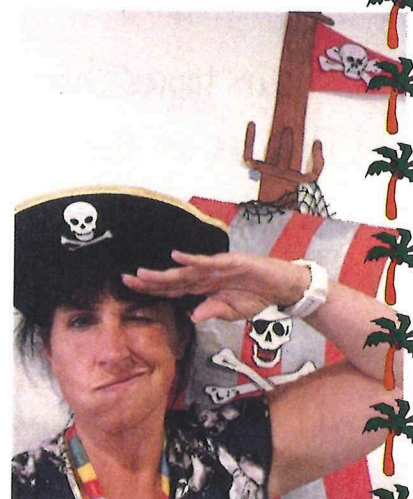

Mrs Knight

Miss Pantony

Mrs Rogers

Mrs Binks

Mr Carter

Mrs Luxton

Hello year 2!

We hope you are all well. We are very much looking forward to you meeting you all in September. We know that this year has been very different and some of you have not been into school for a while. You may feel a bit nervous about coming back and becoming a key stage 2 child especially as you haven't had a chance to meet us. However, we want you to know we are all here to make sure you are happy, feel safe and have lots of fun learning!

Our topics change each half term. In the first half of the term: 'We are Pirates of the Caribbean'. We will be exploring the seas around the UK and then travelling to the Caribbean! We will have lots of exciting adventures on the way. In this pack there are some fun pirate activities for you to have a go at. The first is a job application to join our year 3 pirate crew! Can you find your pirate name? Please just do what you enjoy but we would love you to bring in your wanted posters and messages in a bottle in September to go up in your new classroom!

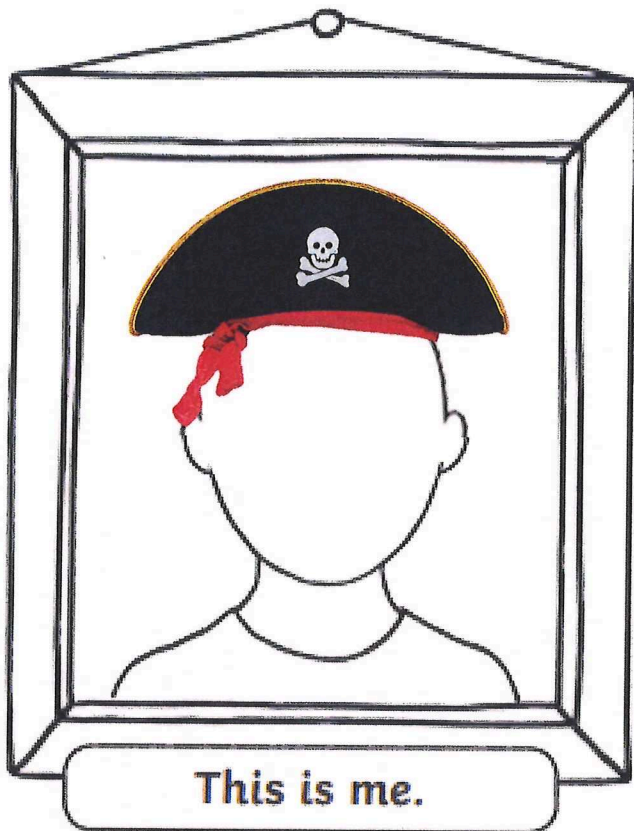

We know that you and your grown-ups will have lots of questions about September and there will be information coming to you before you come back. Until then, here are a couple of pirate jokes for you... 'Which subjects does a pirate enjoy the most in school? They enjoy Aaaaaaaaarrrrrrrrrttttttt!' 'Why does a pirate take so long to learn his alphabet? Because they spend years at C!' These made us pirate chuckle. Maybe you could find some more pirate jokes for us?

Take care year 2 and we look forward to you joining our year 3 crew!

Can you tell us all about you?

Have a go at filling out the sheet below with lots of interesting things about you.

You could colour it in too!

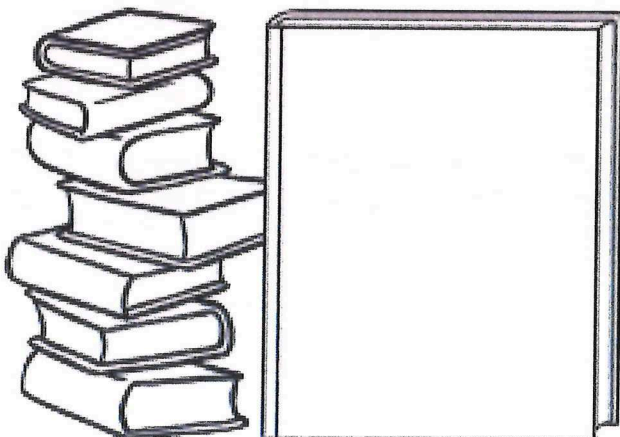

This is me.

Wanted

Can you write your wishes in a bottle?

Have a think about what you're looking forward to in year three. Choose three of them to be your wishes for the year. Have a go at finishing the sentences to tell us what your wishes are.

Can you finish the rules for the crew?

The pirate captains have started writing out the rules for the crew. Have a read of the rules and see if you can come up with two more to finish the charter!

1. The captain will have a one-and-a-half share of all booty. The quartermaster shall have one-and-a-quarter shares. Everyone else shall have one share.
2. Anyone who withholds a secret from the crew, or attempts to flee will be marooned with a pistol and a bottle of water.
3. Anyone who steals from another crew member will be marooned, as above, or shot.
4. Anyone who takes a lit candle below decks without casing it in a lantern will receive 39 strokes of the cat-o'-nine-tails.
5. Anyone who does not keep their weapons clean, or does not perform their duties may not receive a share of the booty.

6. _____

7. _____

Can you be our new mad scientist?

The crew's last mad scientist blew up the treasure vault and had to walk the plank, can you carry out some science experiments to help our crew?

Have a go at making some more treasure for us with the Fizzy Pirate Coins investigation and find out whether our treasure has sunk in the Pirate Density Investigation.

Pirate Density Investigation

You will need:

an empty
bottle or jar

water

oil

pirate objects
to test

Method:

1. Half fill your container with water, then add some oil.
2. Carefully drop your objects into the jar, what happens?

The Science Bit

Investigation! Can you put your hand in to the jar?
What do you notice about the oil and water?
Can you find something to float on each layer?

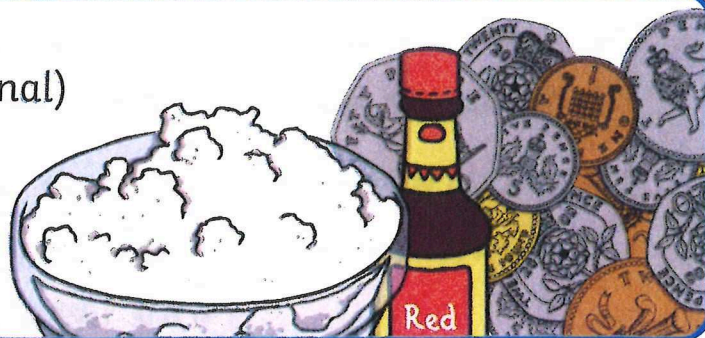

Can you mimic the motion of the waves? What happens if you mix the oil and water?

Fizzy Pirate Coins

You Will Need

- Baking soda
- Food colouring
- Water
- Flour (optional)
- Coins
- Vinegar

Method

- 1 Clean some pennies to be shiny pirate coins, to do this place them in cola or vinegar.
- 2 For the rocks, pour your baking soda into a bowl and add water slowly until it makes a paste. (If you want to pad out the baking soda, add some flour when you mix. As long as it's not more than half and half you should still get a good reaction).
- 3 Add a couple of drops of food colouring and mix well.
- 4 Either mould with your hands or use cake moulds to create shapes, press a coin into each.
- 5 Leave in the fridge overnight.
- 6 Use a dropper to drop vinegar onto your pirate rocks. Observe what happens.

The Science Bit

Why does this happen? Vinegar (an acid) and Bicarbonate of soda (an alkali), react together to neutralise each other. This reaction releases carbon dioxide gas, which causes the bubbles you see.

Which worked best at cleaning the coins? The cola or vinegar?

Can you solve the maths mosaic?

Have a go at completing the addition and subtraction questions in each square. Use the answers and the key to colour in the squares and reveal the hidden pictures.

Solve the calculations to reveal the hidden picture. Each answer has a special colour.

Challenge: Sam says ' $13 + 6 = 20$ '. Is he right? Prove it using equipment.

Can you find the treasure?

Using the map of year 3 on the next page, can you find the hidden pirate treasure?

Can you find a co-ordinate for each of the places below? Remember to go across first and then up. So for example you could say (E, 8) is in Ash Classroom.

1. Rainbow room _____

2. Willow classroom _____

3. Sycamore classroom _____

4. Toilets by sycamore _____

Challenge: Can you find the hidden treasure?

Draw a straight line between each pair of co-ordinates below. Where all three lines cross, the treasure is buried!

1. (F, 1) and (B, 8)

2. (C, 2) and (E, 7)

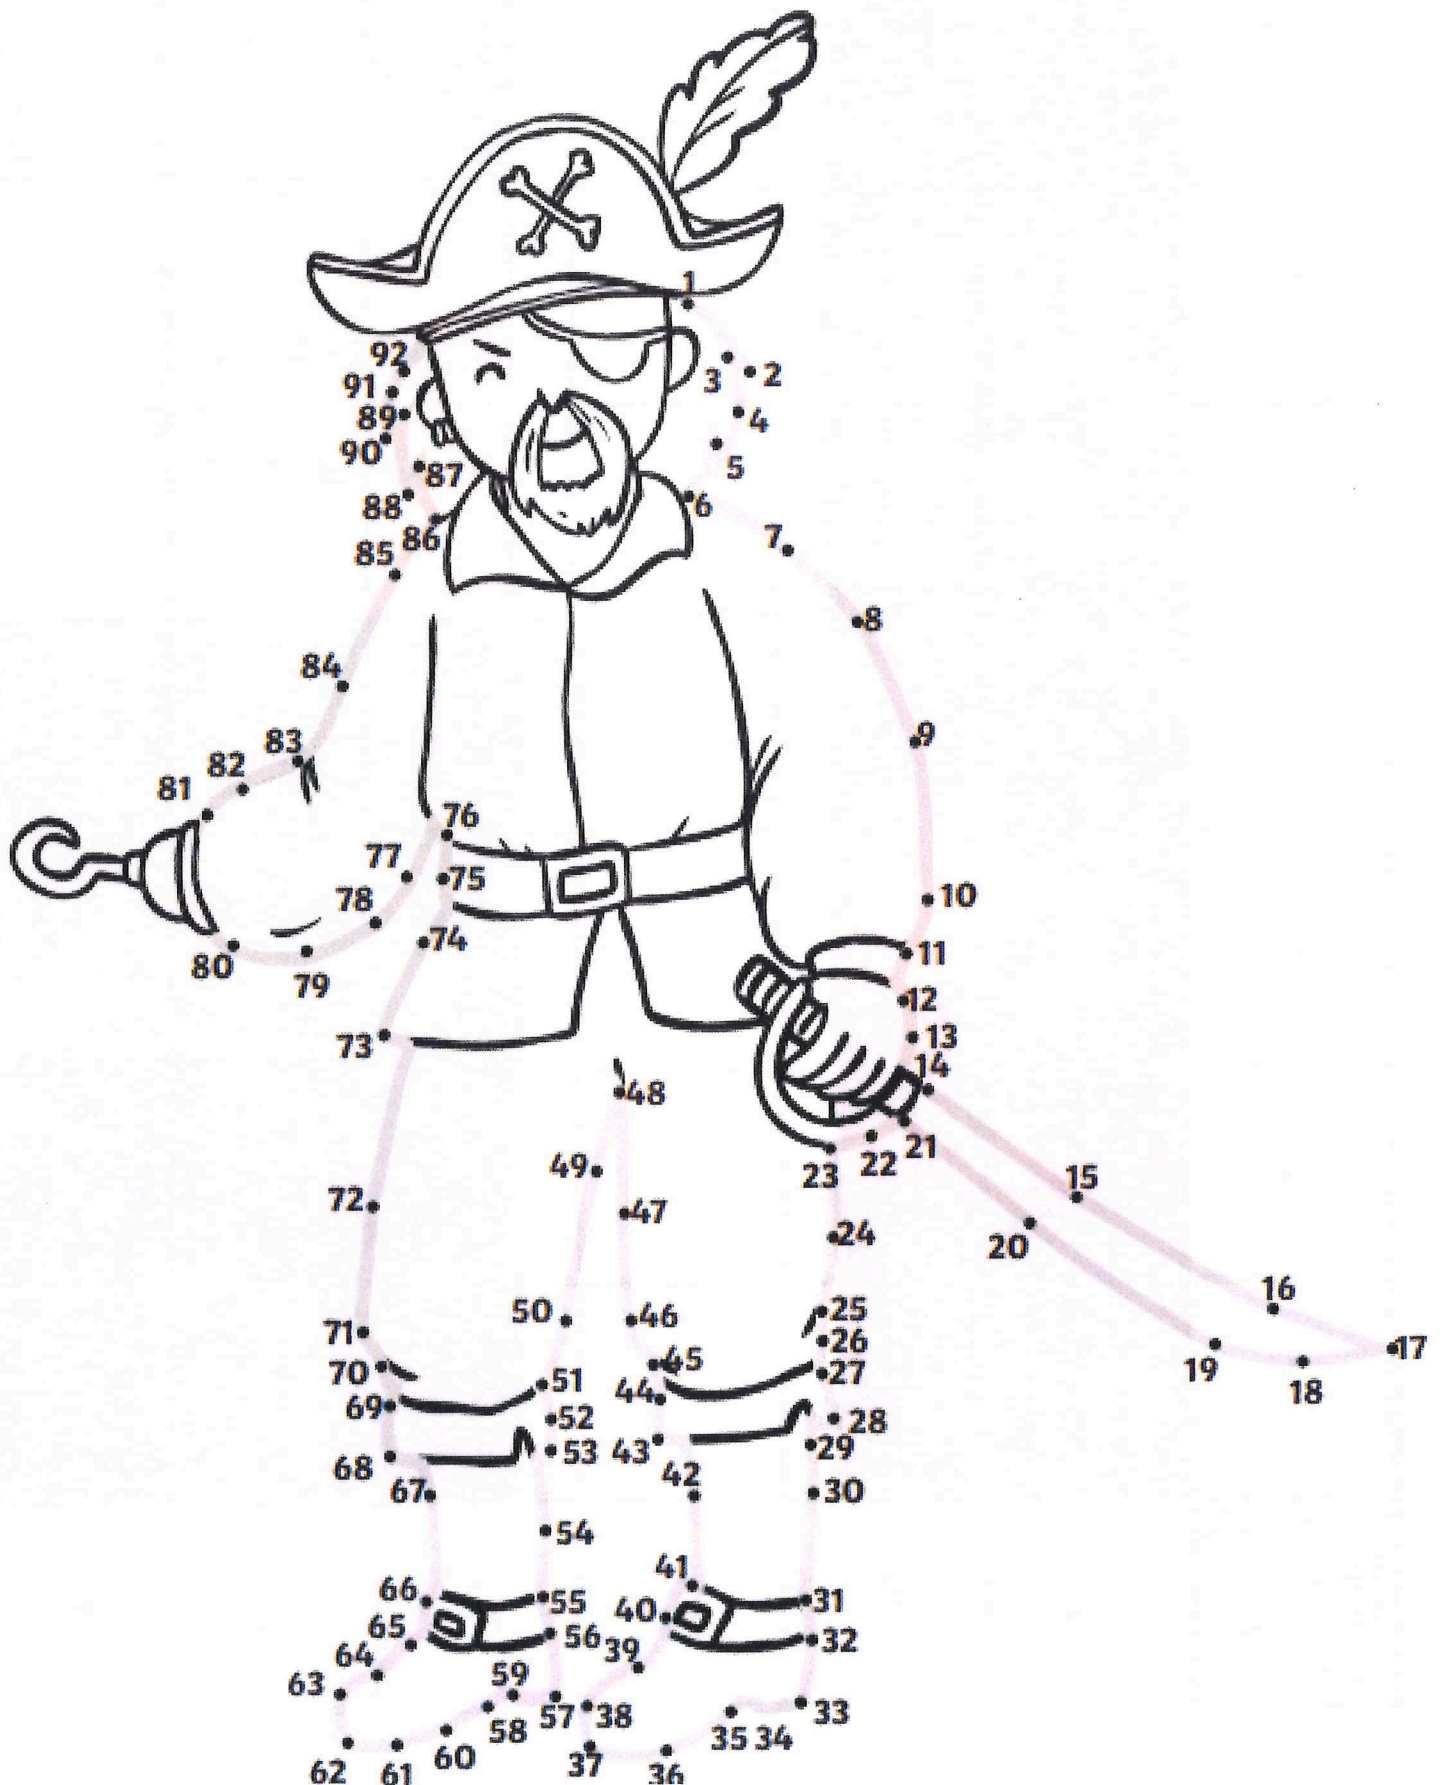

3. (A, 6) and (F, 5)

8	Nurture Room						
7	Kitchen					Ash Classroom	
6	Toilets					Sycamore Classroom	
5							
4	Rainbow Room					Beech Classroom	
3	Toilets						
2	Kitchen					Willow Classroom	
1	Sunshine Room						
	A	B	C	D	E	F	

Can you complete the captain?

Our poor captain has been rubbed out! Follow the numbered dots to bring him back and make sure to give him some colour.

Can you find the pirate words?

Can you spot the pirate words hidden away in this wordsearch?

Hardtack Biscuits Recipe

Ingredients

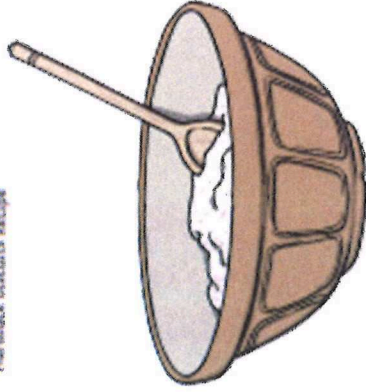

1lb flour
2oz butter
1/2 pint skimmed milk
1/2 tablespoon sea salt

Hardtack Biscuits Recipe

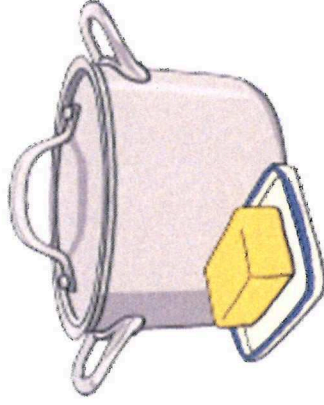

Preheat oven to 215°C.

Hardback Biscuits Recipe

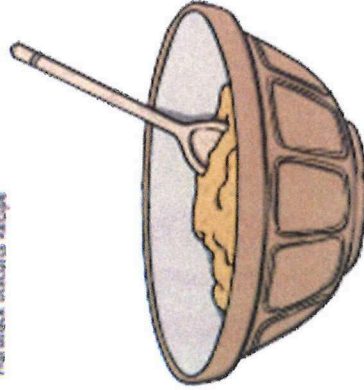

Measure out the flour and place in a mixing bowl. Add the sea salt and mix.

Hardback Biscuits Recipe

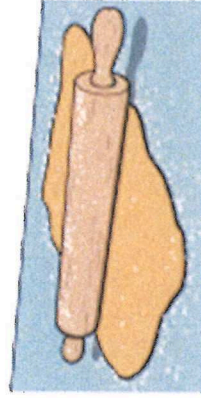

Melt the butter in the milk over a low heat.

Hardback Biscuits Recipe

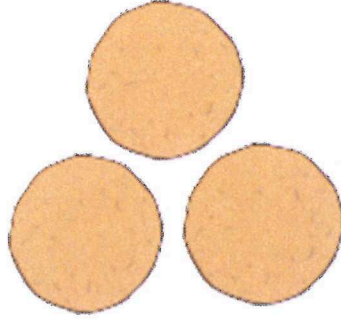

Add the milk and melted butter to the flour and mix until smooth.

Hardback Biscuits Recipe

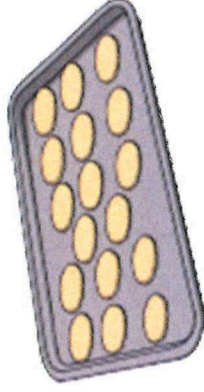

Roll out the dough until thin.

Hardback Biscuits Recipe

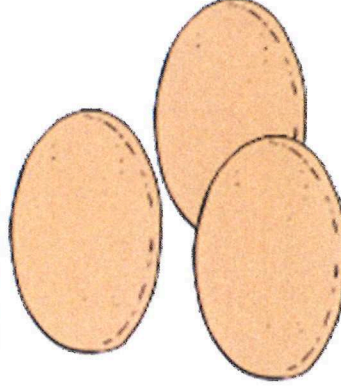

Using the rim of the cup, cut out biscuit shapes.

Hardback Biscuits Recipe

Place on a baking tray and prick each biscuit with a fork. This will let out any air when cooking.

Hardback Biscuits Recipe

Once the biscuits are cooked, leave them to cool.
