

Physical Development

Manipulation & Co-ordination Gymnastics

We will continue our indoor and outdoor PE sessions and access our Continuous Provision to develop and strengthen our fine and gross motor skills, in the classrooms and in the garden. At Snack Time we will learn about healthy choices and managing our needs.

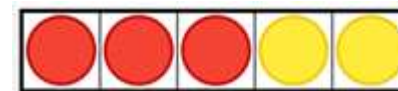

Understanding the World

Bonfire Night & Christmas

We will explore special celebrations and traditions during this time of year, and how different people have different beliefs. We will observe the changing seasons and gather together around the fire pit!

Mathematics

Composition

We will learn about the composition of numbers up to 5 (exploring the different ways that we can make numbers) and continue to practise subitising with our fast eyes!

Communication & Language

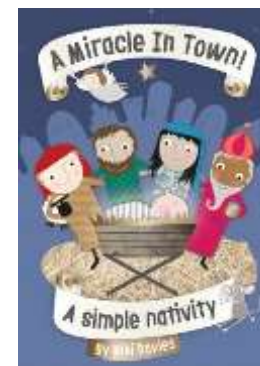

Vocabulary & Performance

We will be learning lots of new words which we might use in our independent play.

We will also be looking at how we use our voices during our nativity performance to make us sound clear and interesting!

Autumn 2 Celebrations

Literacy

Storytelling & Drawing Club

We will use key texts to learn about characters, settings and sequence, exploring fiction. We will make story maps to show our understanding of the story, using our phonic knowledge to segment to spell labels and captions.

Expressive Arts & Design

Music & Colour Mixing

In our EYFS Music Day with Steve Grocott, we will focus on musicality and creativity! We will also explore colour mixing, and will apply our new skill when painting a special Christmas decoration.

PSED

We will remember the rules at school that help to keep us safe. We will try our best, and think about being kind, ready and safe, learning strategies to help us to manage our big feelings.
