

THE BIG SCARY WITCH

"Guess who is back guys?" laughed Josh. Josh and Louise were practising their pantomime.

Unluckily, their mother, who was very bossy and treated them like a frog eating a slug, had just called them down for tea but they literally always had a humungous pile of slugs on their plates for tea.

Josh and Louise hated eating slimy slugs but they were way too afraid to say so because they would get an absolutely horrible punishment. It would be so horrible that you could never in a million years imagine so they ate them slowly but without a fuss unlike their mother who gobbled the whole plate up in one mouthful. Josh and Louise ate a tiny mouthful of it at a time and every time their mother looked away they would do something horrible to the food like spit on the floor, scream yuck or chuck the whole plate in a plant pot then when their mother turned around they would put the plate back on the table sit down and say yum or delicious. When their mother came and sang, "Amazing tea tonight!" Josh and Louise would chorus, "Yes, mother."

2 weeks later....

Louise was thinking very hard; there was something on her mind. Finally, she decided to say what she thought to Josh, "It's like mother is a witch!" she declared.

The room was silent for a moment until Josh spoke, "Maybe she is," said Josh.

Then Louise said, " Let's listen for a moment because every witch cackles."

Just then, Josh and Louise both heard a loud cackle, "Ha ha ha!" the witch cackled, "Those little brats won't fool me."

"Gosh Josh!" squealed Louise.

"Geez Louise!" screeched Josh.

Suddenly, the door that Louise and Josh were hiding behind opened and Josh yelled, "RUN!"

The witch was standing just above their heads. They both ran as fast as leopards all the way to the town. Just as they had hidden, the witch ran past. This gave Louise the idea to hatch a plan so Josh told Louise his plan to play a prank on her. So, that is what they did. After reading the Wizard of Oz and finding out what got rid of evil witches, they poured a bucket of water on her and, as fast as a cheetah, she melted.

TWO YEARS LATER....

Louise and Josh found a new family that took them into their house and treated them lovingly and kindly.

Later in life, Josh and Louise had families of their own and lived happily ever after...

THE END!
