

Understanding the World

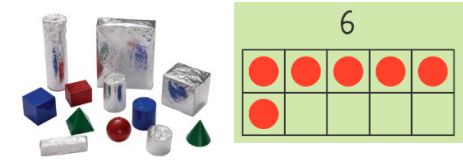

People & Community, Past & Present, Seasonal Change & Growing

We will learn all about the people in our local community who help us every day, and in emergencies. Some of them will come in to school to visit us! We will also look at these jobs 100 years ago, thinking about what is the same and what is different. We will also find out about what plants need to grow, and conduct an experiment!

Spring 2
Once Upon a Time...

Mathematics

Mastering Number & 3D Shape / Pattern

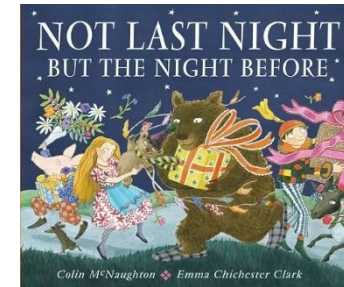

When the children can compose and flexibly de-compose numbers mentally, they will become more fluent in their knowledge of number bonds and they will be able to use these to become efficient when calculating in Key Stage 1 and Key Stage 2. We will continue to use our subitising skills to explore and deeply understand the composition of numbers within 10.

Literacy

Fiction & Non-Fiction

We will explore the features of Non-Fiction texts and find out about the people who help us in our local community. We will read a rhyming fiction book, using the storytelling approach.

Physical Development

Body Management & Co-operation

In our indoor & outdoor PE sessions we will learn to roll, slide and jump, using our bodies in different ways.

We will work in teams to co-operate and solve more complex problems!

Communication & Language

Vocabulary

We will be learning lots of new words and signs to help us to remember and embed our new vocabulary, and will use and apply these new words when we play!

We will continue to practise reading with prosody to give our words their meaning!

Expressive Arts & Design

Watercolour Painting

We will look carefully at flowers and plants, using watercolours to paint our own.

We will label the different parts, using our new knowledge!

Personal, Social & Emotional Development

We will remember the rules at school that help to keep us safe. We will try our best, and think about being kind, ready and safe, learning strategies to help us to manage our big feelings.
